

HIGH SPEED - AMERICAN JOBBERS - HEAVY DUTY (135° SPLIT-POINT)

- 135° Split-Point
- Ground Flute
- Made in the U.S.A.
- NAS 907 Type B

High Speed Steel!

See Page 17-18 for Jobber Sets

"A-Z" Sizes Stocked in Cobalt, and Heavy Duty

Our Heavy Duty drills are built with a heavy web construction, and 135° Split-Point for maximum rigidity and heavier cutting ability.

Our Cobalt High Speed drills are made of high speed Cobalt Steel. The Cobalt content adds high abrasion resistance to the already hard working properties of our Heavy Duty Drills. Heavy web construction and 135° Split-Point add to the long life of these bits.
